

OFFICE OF THE GOVERNOR  
STATE OF MONTANA

Steve Bullock  
GOVERNOR

Angela McLean  
LT. GOVERNOR

October 2, 2015

Dear Friends:

I am pleased to recognize October as “National Cyber Security Awareness Month” in the State of Montana.

I commend the U.S. Department of Homeland Security (DHS), the Center for Internet Security (CIS)/Multi-State Information Sharing and Analysis Center (MSISAC), the National Association of State Chief Information Officers (NASCIO), and the National Cyber Security Alliance (NCSA) for promoting cyber awareness through guidance for government and businesses, and promoting innovation, strengthening cybersecurity investment and enhancing resilience across all sectors. Maintaining the security of cyberspace is a shared responsibility in which each of us has a critical role to play, and awareness of computer security essentials will improve the security of Montana’s information infrastructure and economy.

To begin putting this knowledge into practice in our homes, schools, workplaces, and businesses, please visit the Stop. Think. Connect website at: [www.dhs.gov/stophinkconnect](http://www.dhs.gov/stophinkconnect) or [www.stophinkconnect.org](http://www.stophinkconnect.org). Thank you for all your hard work and I encourage Montanans to acknowledge October 2015 as “National Cyber Security Awareness Month.”

Sincerely,

A handwritten signature in blue ink, appearing to read "S. Bullock".

STEVE BULLOCK  
Governor
