

# SITSD SITEIMPROVE

## **SITEIMPROVE**

Siteimprove is an all-in-one tool to assist in building a better web experience for your visitors. It assists web developers with maintaining, monitoring and optimizing DNN websites. Developers can easily identify misspellings, broken links, style guide violations, and accessibility issues.

## **HOW DOES IT WORK?**

Siteimprove scans DNN websites once every five days. The scans are similar to a Google crawl or similar search bots. Scans can also be run manually, if needed.

## **QUALITY ASSURANCE**

Siteimprove Quality Assurance provides you with the tools to identify, locate and prioritize the repair of broken links and misspellings needed to protect your website's credibility.

## **ENFORCE WEB POLICY STANDARDS**

The Siteimprove Policy allows users to ensure that content, media files, style, branding, and HTML language are in line with web standards so that users experience a high quality experience using your website.

## **ASSISTS WITH WEBSITE ACCESSIBILITY**

Siteimprove Accessibility gives you a complete overview of your site's web accessibility issues, plus clear explanations of how they affect your users and specific recommendations on how to fix them.

## **SEARCH ENGINE OPTIMIZATION (SEO)**

Siteimprove SEO helps you achieve better online visibility and attract more visitors. Siteimprove's on-page SEO is simple and with just a few fixes, you can greatly improve overall SEO.

## **PDF CHECKER**

Siteimprove PDF Checker specifically scans your web-based PDF documents for broken links and accessibility errors, ensuring that customers are able to access important forms, articles and information with ease.

## **WHO CAN USE SITEIMPROVE?**

SITSD's implementation of Siteimprove is offered to any customers using the Enterprise Web Hosting environment. To request Enterprise Web Hosting, visit [servicedesk.mt.gov](http://servicedesk.mt.gov), email [servicedesk@mt.gov](mailto:servicedesk@mt.gov) or call 444.2000.

## **IS THERE A COST?**

No, there is no additional cost to use Siteimprove. It is provided as part of the Enterprise Web Hosting service as an enhanced service offering.

## **HOW DO I USE SITEIMPROVE?**

SITSD can schedule customized reports to be delivered right to your inbox at a frequency of your choosing. Simply open a case with the SITSD Service Desk by visiting [servicedesk.mt.gov](http://servicedesk.mt.gov), emailing [servicedesk@mt.gov](mailto:servicedesk@mt.gov), or calling 444.2000 and providing the URL of the DNN site you would like scanned. Include in the case all email addresses of employees that would like to receive the report and the frequency.

## **WHAT IF I STILL HAVE QUESTIONS?**

Have a question we didn't address about Siteimprove? Give us a call at 444.2000.
