- New Business
- Public Comment

The Region 25 700/800 MHz Public Safety Regional Planning Committee meetings are open to the public. All eligible public safety providers with sole or principal responsibility to protect the safety of life, health, or property in Region 25 may utilize these frequencies. It is essential that public safety agencies in all areas of government including state, municipality, county, Native American/tribal, and non-governmental organizations eligible under Section 90.523 of the Commission's Rules, be represented in order to ensure that each agency's future spectrum needs are considered in the allocation process.

Administrators who are not oriented in the communications field should delegate someone with this knowledge to attend, participate and represent their agency's needs. All interested parties wishing to participate in the planning for the use of public safety spectrum in the 700/800 MHz band within Region 25 should plan to attend. If you plan to attend this meeting, please contact one of the Contacts listed on page one.
